## MEETING YOUR DEMANDS

**FLOW TECHNOLOGY** is well established in the UK market, with a first class reputation for distributing stainless steel products to industry, meeting tight delivery schedules and precise technical demands.

The company's sales and technical team are always available to discuss your requirements in detail, whilst our field sales engineers are able to offer on-site support on specific technical applications.

**FLOW TECHNOLOGY** stocks and produces a wide range of products, covering all aspects of stainless steel pipeline component supply, working with world-class partners in ensuring a rapid and cost effective response to urgent enquiries.

## MANUFACTURING SUPPORT

**FLOW TECHNOLOGY** has over 30 year's manufacturing experience in producing products to all the relevant standards being used in the UK.

**FLOW TECHNOLOGY's** manufacturing capability ensures a rapid machining turnaround from receiving your enquiry to completion and delivery of your order.

The latest technology in CNC machining is used to supply products from stock and manufacture non-standard, special components and fittings on a short lead time.

## OFFERING QUALITY AND PERFORMANCE

Our commitment to quality and high performance remains our key business ethic and is backed by a manufacturer who was given ISO 9001 : 2000 approval at its first assessment.

This approval and strict quality control ensures that the product meets your exact requirements. Our Test Certificate system ensures total material traceability and certification is provided as a matter of course.

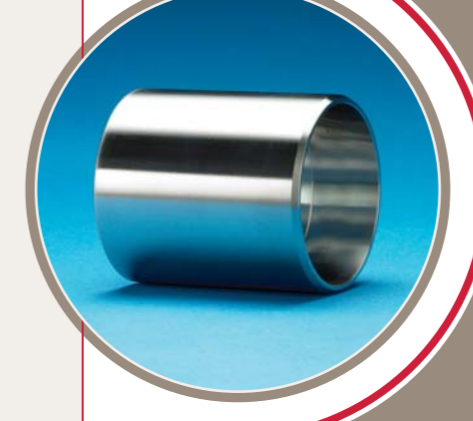

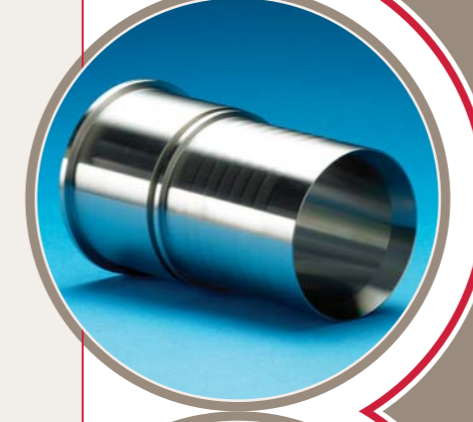

## SERVICE

**FLOW TECHNOLOGY LTD**  
HALF HOUSE LANE, HOVE EDGE,  
BRIGHOUSE, WEST YORKSHIRE, UK HD6 2PH

**Also available IDF, DIN, SMS Union parts, Triclamps, Elbow and Tees**

**Hygienic liners are stocked with:**  
**0 Ext = With room for nut withdrawal, for ease of cleaning.**  
**1 Ext = With room for nut withdrawal and space for a bounce ring.**

**With our excellent design facilities we are able to manufacture fittings to specific customer requirements.**  
**FLOW TECHNOLOGY fulfills all your hygienic needs.**

The characteristics of our fittings are the smooth bore with a chamfered front edge preventing any "Bug Traps"  
 With no steps in the bore this creates a fully hygienic flow through the fitting, also stainless steel having a cleanable surface.

All fittings are fully machined, in house, to current food/pharmaceutical quality surface finish.  
*(Polishing available upon request)*
